

Ticks and Tick-borne Disease Community Forum

**Wednesday,
May 9, 2018**

6:00pm - 8:00pm

**Mount Desert Island High
School Auditorium**

- Increase your tick knowledge: tick identification, life cycle, and tick-borne diseases that may be transmitted to people, pets, and livestock
- Learn methods and techniques to reduce tick exposure and prevent tick bites
- Gain resources and support for early diagnosis and treatment of tick-borne illnesses
- Brainstorm opportunities for action in your community.

Join us for a community discussion focused on ticks and tick-borne disease prevention.

Your input will help guide actions to protect residents from tick bites and tick-borne illness in our communities, our municipalities and across Maine.

For more information, contact Durlin Lunt, Chairman, Acadia Area League of Towns, at 276-5531
